SQUARE FEET TO LAUNCH NORTHAMPTON'S NEWEST COWORKING SPACE

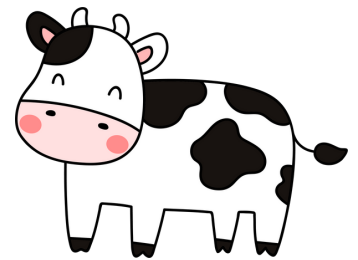

Since lockdown, our coworking service has taken a bit of a back seat but not any more!

This year we are so excited to be launching our dedicated coworking space so we can welcome even more businesses to the Square Feet Community.

Due to open in spring, Hazelrigg House will be the place to go for coworkers in Northampton.

TOM'S TERRIBLE DAD JOKE

Q. What do you call a cow with no legs?
A. Ground beef.

Meet the Tenant

This month we are get to tell you all about the very talented team of visual storytellers at Ministry Creative.

They are a no waffle, no buzz-word outfit providing you a resource of 30+ years of collective experience, passion and enthusiasm for all things design! This month we asked them these three questions:

Q. How long have you been trading and how long have you been a Square Feet tenant?

A. We have been in business for 6 years and with Square Feet for just over 3 years!

Q. Where have you seen the most change in you business over the last couple of year's?

A. There has been a big swing from print to digital work. People still want brochures and documents but, instead of having hard copies, they now want to be able to send them digitally. We have also seen an increase in web design and user experience and interface work.

Q. What do you like best about being a Square Feet tenant?

A. The community is amazing. Being surrounded by other small businesses who understand and support each other even if they are in different industries is great!
