Round up

Square Feet complete on Hazelrigg House!

It's been a long time in the making but, on 19th February, we completed on Hazelrigg House, our latest and most historic building to date!
We are aiming to launch in mid April and can't WAIT to share it with some incredible new tenants!

Furiendly Visitor

Square feet meet Reggie!
Reggie is a 15 month old silver Labrador with a big personality and a love of chewing - as you can see by his photo! His latest victim was this pillow but, as you can see, only the stuffing now remains.

Reggie's mum works for Tanglewood Healthcare at Oxford House where she brings him every week on a Tuesday afternoon so he can spend some time with his bestie Lupo!

Meet the Tenant

This month it's our pleasure to tell you all about one of our longest standing tenants, Ella of Ella's Therapies. Ella is based in Studio 8, Oxford House. Ella has been working as a counsellor since 2014 and has recently discovered the benefits of healing the mind, body and soul as a complete unit. As a result she has already added some new treatments to her repertoire with more coming soon. We are very proud to have Ella with us as she is not only very talented but carries out all her work with great integrity. This month we asked her:

Tell us about a funny or strange client experience.

One evening I was talking with a client when the biggest, hairiest spider ran across the room between us. We both panicked and tried to get out of the room at the same time! We mutually decided we weren't going back in so we called it a night!

If you could do a different job for a day, what would it be?

I think I would be a pretty good secret agent so I would give the secret service a go. I've never applied for a job with them 😊

What's the best thing about being a Square Feet tenant?

Everyone is so lovely, supportive, and helpful in the Square Feet community. That's definitely the best bit!
